

One house remaining

Droim Liath is a stylish development of 175 two, three and four bed homes conveniently located in Tullamore town, of which just one home remains.

The remaining home is a former show-house which is furnished and decorated to an impeccably high standard. It is a four bedroomed semi-detached home.

Each architect designed home has been planned to maximise space. Externally, the development has been finished to a high standard with attractive landscaping and street lighting as well as ample car parking.
